

LESSON 06

Can You Lose Your Salvation?

2: Eternal Security

Executive Summary

A common and legitimate question: what about people who seem to have faith for a season and then walk away? Scripture's answer is sobering — those who permanently depart never truly belonged to Christ in the first place. True believers may stumble, but they do not permanently fall away, because their salvation rests on God's grip, not theirs.

Key Terms

Perseverance	God's preserving work by which true believers continue in faith, even through weakness, struggle, and correction.
Assurance	Settled confidence in God's saving work, grounded in His promises rather than the believer's changing feelings.
Apostasy	A decisive and enduring rejection of a faith once professed, revealing that the profession was not genuine.
Preservation	God's faithful work of keeping every true believer secure in Christ through to final salvation.

Key Verses

1 John 2:19 | John 10:28-29 | Jude 24
